

## BIPOC Committee Meeting Notes

Mar 14, 2025

**Present:** Mzilikazi Kone, Jim Nguyen, Natalina Montiero, Rocio Diaz, Robin Daniels

**Staff:** Lidia Stoian

### 1. A&P general session debrief

Change the format next year and see if moving the general session after lunch gives attendees a break from sitting too long. It was difficult to see the panel, so the podium should be moved out of the way in the future. It would have been great to engage the audience more and reduce the number of questions for the panel.

### 2. Discussion of the justice-impacted student award

The committee members are willing to personally contribute to raising funds that would help the justice-impacted student.

### 3. DEI statement discussion

The committee will review the DEI statement on FACCC's website to see if we need to update it. It was suggested we look at the Chancellor's Office website to see what language is being used for A (accessibility). Jim will check with Wendy to see if the FACCC board wants us to add A to DEI.
