- Article: Education Hazards of Generative AI -(your new best friend) possibly to be discussed at the policy forum <https://cognitiveresonance.net/EducationHazardsofGenerativeAI.pdf>
- AI in Higher Education: Promise and Peril
Title agreed upon in real-time. Give the speakers the title and a list of potential promises and perils to use in the policy forum.
- I suggest inviting Anna Mills and another person to work with her.
<https://www.aacu.org/people/anna-mills>
- The importance of discussing the value of education. Students have to know how to tell AI what to do to tie in the workforce aspects.

Proposed structure for the forum:

- Two speakers in conversation provide different points of view. We can give them a list of questions to be decided at the next meeting.
- Breakout groups
- A larger group report and end the discussion with a profound question
- **Action Item: ALL:** Please send speaker ideas (for people) to the committee.

A&P:

- **Richard** will create and send a title by the December 1st deadline for the Breakout for the Policy Committee at the Advocacy & Policy Conference.
- **K. Please send** everyone an advisory /summary email after adding the advisory/summary to the notes and provide the link to the group.

Next Meeting December 5, 2024, 4:00-5:00 pm PST Via Zoom
